CAMP RULES (for participants of full age)

Please note, that there are some rules for the participants at our camps, and we ask you to take them seriously!

Participation in our camps is only possible once Eskimos Sports GmbH has received this form signed by the camp participant before camp start.

Smoking drugs and alcohol are strictly forbidden for all minors during all camps. Bed time for all minors is set at 10.30 pm. The only exception is the end of camp party in the Popcorn, where minor participants from 16 years old are allowed to drink beer/wine. The camp manager Christine Walther and Sandra Haselbach can change these times, when there is an official party of the camp. The camp management will control daily.

To prevent accidents we carry out the trampolin and all our other activities according to bfu (Advise department for accident prevention: www.bfu.ch).

It is compulsory for every participant to wear a helmet and back protectors for riding.

If the rules are broken or the camp manager catches someone red handed during the controls, the following consequences will occur. The participant will be sent home the following day at the participant's costs. No refund will be given.

Herby I accept the above mentioned camp rules

Last Name :

First Name:

City, date and signature of camp participant or legal guardian (for minors)
