CAMP RULES AND PARENT'S CONSENT (for minor participants)

Please note, that there are some rules for the participants at our camps, and we ask you to take them seriously!

Participation in our camps is only possible once Eskimos Sports GmbH has received the **parent's consent (page 2)** signed by one of the parents before camp start.

Smoking drugs and alcohol are strictly forbidden for all minors during all camps. The only exception is the end of camp party in Popcorn, where minor participants from 16 years old are allowed to drink beer/wine . Bed time for all minors is set at 10.30 pm. The camp manager Christine Walther and Sandra Haselbach can change these times, when there is an official party of the camp. The camp management will control daily.

To prevent accidents we carry out the trampolin and all our other activities according to bfu (Advise department for accident prevention: www.bfu.ch).

It is compulsory for every participant to wear a helmet and back protectors for riding.

If the rules are broken or the camp manager catches someone red handed during the controls, the following consequences will occur. The camp manager will inform the parents immediately and the participant will be sent home the following day at the parents' costs. No refund will be given.
